

IOTXMETA Token White Paper (V1.1)

<https://iotxmeta.com/>

IOTX META Token

Dec, 01 2021

Overview

IOTX META token is one of the first tokens created on Iotx network by the IOTX META Development team. It was introduced as a meme token for the IOTX META community but with upcoming partnership it will have its own utility.

Tokenomics

IotxMeta token Details:

Total Supply: 10,000,000,000.00

Token Address: TBA

Token Name: IOTX META (IOMETA)

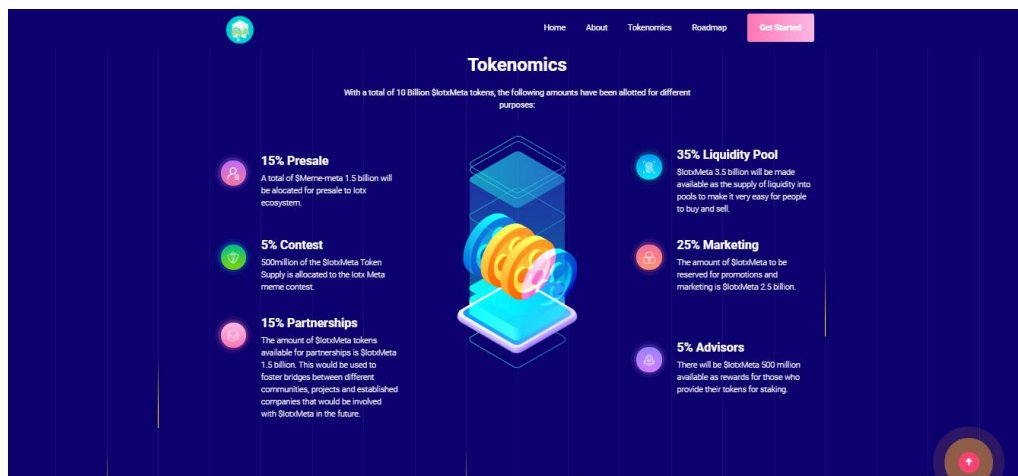

Network: Iotex

Tokenomics Details

The total 10 billion supply of IOMETA token have been divided and allotted for different purposes listed below:

- **15%** or a total of 1.5 billion IOMETA token will be allocated for presale:
- **35%** or a total of 3.5 billion IOMETA tokens, will be made available as the supply of liquidity pools. This will provide ease and accessibility to people who will trade and swap IOMETA tokens on DEXs / CEXs (e.g., Mimo).
- **25%** or a total of 2.5 billion IOMETA tokens will be reserved and used for promotions and marketing. This fund will be used to create awareness for the IOMETA tokens and the IOMETA community so as to attract more users to the project and all it has to offer. Billions of people use social media daily and this allocation can be used to encourage people to the Web 3.0 platform and to make them know about this project. It will be used to pay marketers (in terms of Press Releases which can help produce public brand awareness). By giving some well established influencers incentives, there will be avenues where IOMETA will be featured on strategic Podcast Sessions, Exclusive Interviews and Events etc.
- **15%** or a total of 1.5 billion will be allocated for partnerships. This would be used to foster bridges between different communities, projects and established companies that would be involved with IOMETA in the future.
- **5%** or a total of 500 million IOMETA tokens will be allocated for meme contest.
- **5%** or a total of 500 million IOMETA tokens will be allocated to IOMETA advisors

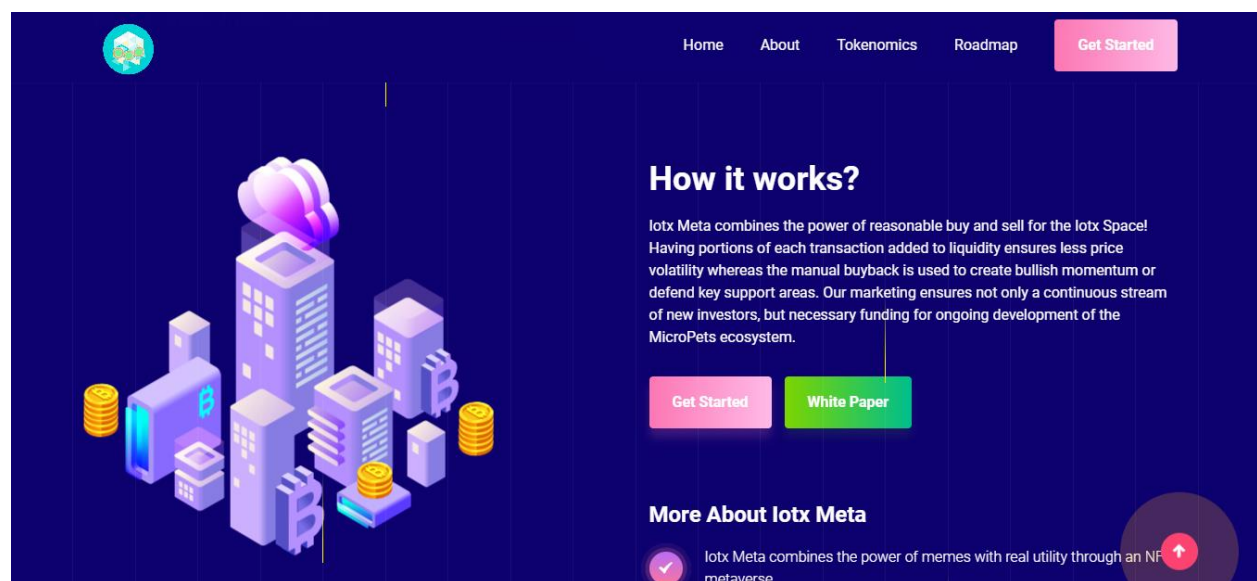

Utility and usage of IOMETA Token

Staking - users will be able to stake their IOMETA Token on the available exchanges and will be rewarded also with IOMETA Token from the reward pool. The higher the staking amount of IOMETA Token the higher the reward.

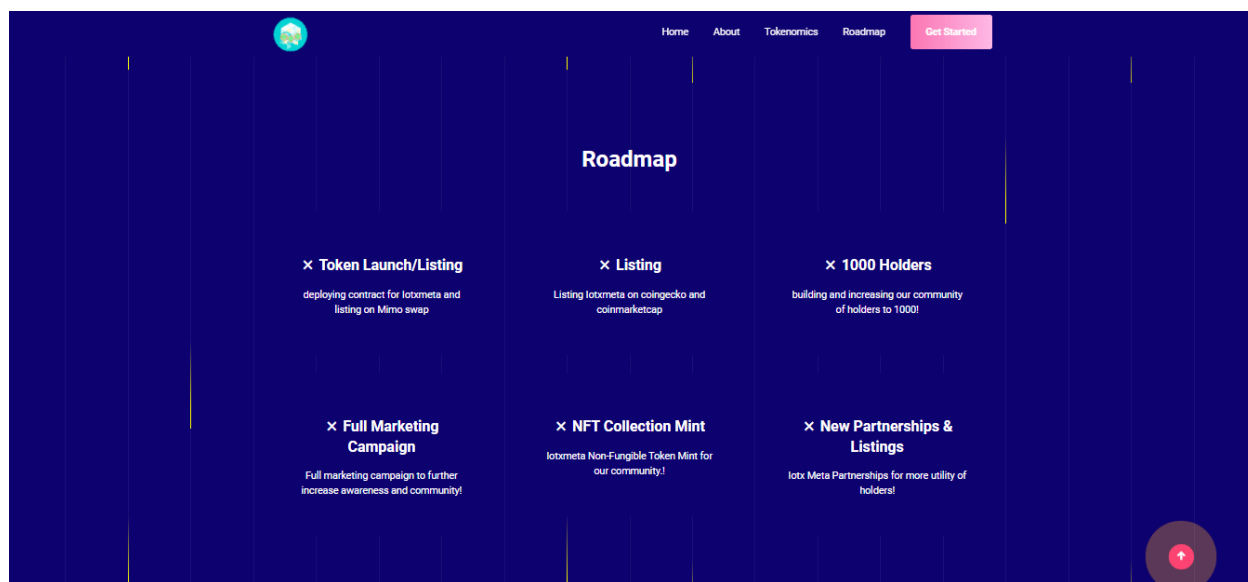

We will announce additional utility and usage of IOMETA token as we grow and expand our project.

Technical Progress to Date & Roadmap

- Website Launch (Q4 2021)
- Token Launch/Listing (Q4 2021)
- Launching on Cmc, coingecko and more (Q1 2022)
- Full Market Campaign (Q2 2022)
- NFT Collectibles Mints (Q3 2022)
- New partnership List (Q4 2022)

Conclusion

The IOTX META platform and the IOTX META (IOMETA) token create and distribute value across IOTX ecosystem in a manner that incentivizes the health and growth of the network and its competitiveness in an increasingly crowded and coveted crypto space. IOMETA is powered by blockchain technology which will only continue to advance, ensuring interoperability and other benefits. In this new decentralized model, efficiency and engagement challenges are solved as IOMETA strives to become the foundational platform to all looking to leverage new technology in an increasingly on-demand future.
